Re: Request Pursuant to ARS 39-121 and EPCRA to Review Public Records/Hickman's Egg Ranch Facilities in Arlington and Tonopah, AZ/Ammonia Monitoring

Pursuant to ARS 39-121 *et seq*, DWAZ requests to review and/or copy **all** documents and public records in possession of the MCAQD related to any ammonia monitoring conducted by MCAQD related to the releases of ammonia at Hickman's facilities in Arlington and Tonopah.

The Hickman's Egg Ranch facilities are located at 32425 W Salome Hwy, Arlington, AZ 85322, and at 4099 N 419th Ave, Tonopah, AZ 85354.

This request regarding the MCAQD and these two facilities includes, but is not limited to:

- Testing or air sampling results for levels of ammonia and ammonia compounds adjacent to or downwind of Hickman's facilities in Arlington and Tonopah conducted by MCAQD;

This ARS 39-121 request includes **all related** data and records in possession of the MCAQD.

This ARS 39-121 request is for non-commercial purposes. DWAZ is a non-profit corporation.

This ARS 39-121 request also includes **all documents electronic or written not legally determined to be confidential**. If ADEQ claims confidentiality for any documents or public records, provide a list of such documents and the legal reason for its determination as confidential.

Please honor this written request within a reasonable time. Contact DWAZ at dwaz@fastq.com to confirm that the **complete requested file** is prepared and ready for review.

Failure to provide these public records within a reasonable time will result in appropriate legal action to gain access to these public records.
